

Car driving school

Published: 18.06.2021.

Translated by machine translator

The Social Integration State Agency (hereinafter - Agency) provides car driving trainings for a state budget resources.

Funded by the state budget

Students of an Agency College and learners of a Jūrmala Vocational Secondary School who are persons with disabilities or anticipated disability may, within the framework of a professional rehabilitation service, acquire a car driving programme (for category B) regarding state budget funds.

Before commencing training, the person must perform a health examination in the medical institution.

Receiving the service

In order to receive the service, the Agency enters into a written agreement with the client receiving the service funded by the state on the driving training in category B.

An individual should submit the following documents:

application;

licence for driving training issued by State owned stock company "Road Traffic Safety Directorate";

a Training Card issued in another Driving school attesting the completion of theoretical training (if it is);

the certificate for the acquisition of the first aid course (if it is).

Training of drives is carried out by Jūrmala Vocational Secondary School.

On the basis of a person's application, Agency provides conclusion on vehicle customisation codes.
