Public transport for free

For persons with 1st or 2nd disability group, for persons with disability up to 18 years of age and for persons accompanying a disabled person who have 1st disability group or disabled person up to 18 years of age all types of public transport in the territory of the Latvia if for free (excluding avio transport, taxis and passenger transport by inland waters).

Accessibility for people with special needs

The premises of education institutions of Social Integration State Agency are fully accessible for people with functional disabilities. We provide possibility to move around all buildings and floors of the buildings using an elevator, easily entering and exiting the buildings through the automatic doors, the width of doors is sufficient to allow a person in wheelchair to enter/ exit the building.

During professional rehabilitation service persons with functional disabilities have possibility to stay at hostel rooms with custom bathrooms and toilets.

In order to ensure safe movement for persons with visual impairment, the first and last steps of the stairs in the buildings of educational institutions of Social Integration State Agency are marked with contrasting colors and every floor contains indications of the number of this floor.
